

Hi Yan,

This is wonderful to read. I am delighted that the exchange with Stamping Ground School went so well. You and your school were wonderful to work with in doing the exchange. Take care and I will look forward to hearing from you again soon. Ken

Hi Ken,

We've just finished the visit and come back Hong Kong. I'd like to tell you that this trip was a totally success. It was a very valuable experience for my students. They went to a lot of memorable places, learnt in the fifth grade classes , interacted with wonderful teachers (Mrs Singer and Mrs Walker) and the lovely students. Without Mr Krueger's kindness and thoughtfulness,our students would not have enjoyed themselves and learnt so much. Last but not least, the host families are really wonderful, they've treated our students as their own children, I am very impressed. Stamping Ground Elementary is really a great school.

Thanks for IAIE's and the Central Office's support, you let us meet such wonderful people in Stamping Ground.

Regards,

Yan
