Nine Paths of Wisdom

Characters Education

- ❖ Every student has one's own **FACE**. We treasure individuality and diversity, so we do not teach in a uniform way.

Nine Paths of Wisdom

Characters Education

- ❖ Students are not bound by a long list of rules but only one word : **RESPECT**.
- ❖ There are NO demerit points; but we work together to deal with the challenges and struggles on the path to adulthood.
- ❖ Our teachers don't shout at students; we clap and conduct critical dialogue with them instead.

Nine Paths of Wisdom

Excellent
Education

❖ **Schooling is not just going to school;
schooling is to explore knowledge and life.**

Nine Paths of Wisdom

**Excellent
Education**

- ❖ **Don't just focus on: "How much have I gone through during a lesson?"**
Do ask: "How much have I really learned?"
- ❖ **Don't label students;**
Do admit, appreciate and respond to differences in abilities.
- ❖ **All students are elite and no ranking is needed.**

Nine Paths of Wisdom

Excellent Education

- ❖ Other than individual success, students are eager to help others to succeed.
