

# IAIE(HK) AGM with workshops & Inviting teachers and students award presentations

Dr. Peter Wong

The bi-yearly presentation for the Inviting teachers and students award which are nominated by various IE schools are very encouraging. This year, we are adding to this presentation to have a new student leadership program competition and 5 students are being awarded. If your school would like to have a similar experience to train up your school leaders, we are planning this program in 2015 and will keep you posted.

It is great that 8 Inviting schools Award winners in 2014 (5 of them being unable to come to US and we present to them the plaque and banner as well) could be recognised in the AGM.

The second part of this morning is also well attended with workshop on IE (introduction ) for new teachers and two workshops on insights and learning from the schools/delegates that had visited US and attended the recent conference.

This morning , it is well attended by over a hundred teachers, principals, parents and supporters of IE member schools

PI see the moments we caught for the annual AGM with keynote presentation by Dr Chiu on Invitational Leadership: <https://plus.google.com/u/0/photos/112397020527023656872/albums/6087126400174517025?authkey=CJqZqM6Sh7KUrQE>
