

IE School Visit: The Salvation Army Shek Wu School

1. A brief introduction of The Salvation Army Shek Wu School

The Salvation Army Shek Wu School, an aided special school of the Salvation Army in Hong Kong, was found in 1989. We provide quality and all-round education to students with mild intellectual disabilities from primary one through secondary six. With our Christian mission, we value every child as a precious gift from God. We place the highest priority on total development – body, mind and spirit – of each child in our care. In our duties we value responsibility. We are committed to diligence, the pursuit of excellence, innovation, collaboration and accountability. In our relationships we value care and concern. We show mutual understanding and respect, encouragement, trust, integrity, fairness, and open communication.

Our IE journey began in 2009, the first IE working committee was set up in the same year to launch and coordinate a series of IE-related plans and projects. Equipped with the core values of IE associated with the 5Ps, we brightened our school campus by installing a colourful welcome banner in the school main entrance. We maximized the student activity zones and we are actively seeking to improve the facilities. To involve parents as our precious partners, we launched a series of Parent-Child Invitational Education activities, e.g. Campus IE spots Fun Tracing Event, Colouring and Slogan Competition. We also have a variety of Student Leadership programs to build up student self-confidence and self-esteem. The Annual School Policies Discussion Forum is one of the highlights of each school year. It provides opportunities for our students to voice out their views regarding the school policies.

We are very grateful and honored to receive our Inviting School Award in 2011 and two Paula Helen Stanley Fidelity Awards in 2013 and 2015. We are delighted to celebrate our achievements yet humble to constantly seek improvement in the education service that we provide.

2. The theme of sharing

Our IE theme: *Enlighten Potentials, Soar like Eagles* 啟發潛能 展翅上騰

We hold high expectations for our students and intentionally cultivate them to build up their self-confidence and positive self-images. We are determined to not only sustain the implementation of our IE initiatives, but to grow in our knowledge of IE practices, understanding and utilizing it at a deeper level. We look forward to meet you in our school and to exchange ideas with you so that we can all do better for the futures of our students.
